#### SUMMARY DESCRIPTION

The product is issued as Notes in GBP and aims to pay conditional coupons on a periodic basis for the life of the Securities. Whether or not the coupons are payable will be determined by the performance of the Reference Asset, as described below. If a coupon is paid, Securityholders will also receive any coupons that were previously not paid. The Securities have an early redemption feature whereby, depending on the performance of the Reference Asset which is evaluated on a periodic basis, the Securities may redeem early and Securityholders will receive 100% of the Calculation Amount in such circumstance.

If the Securities have not redeemed early, the amount payable at maturity for each Note (the "Redemption Amount") will be determined by reference to the level of the Reference Asset on the Final Valuation Date. Therefore, the Redemption Amount will be either a cash amount equal to 100% of the Calculation Amount or a cash amount determined by reference to the performance of the Reference Asset, as described below.

#### ADDITIONAL DISRUPTION EVENT AND ADJUSTMENT OR EARLY REDEMPTION

<b>Additional Disruption Event</b>	The Issuer may either (i) require the Determination Agent to make an adjustment to the terms of the Securities or (ii) at any time from (and including) the Issue Date to (and including) the Redemption Date, Exercise Cash Settlement Date or Exercise Physical Settlement Date (as the case may be) on giving not less than 10 Business Days' irrevocable notice to the Securityholders, redeem all of the Securities early at the Early Cash Settlement Amount on the Early Cash Redemption Date if any of the following events occur:  Change in Law, Currency Disruption Event, Issuer Tax Event, Extraordinary Market Disruption, Hedging Disruption.
<b>Other Additional Disruption Event(s) in respect of Index Linked Securities</b>	Index Adjustment Event - provided that an Index Adjustment Event shall only constitute an Additional Disruption Event if the Determination Agent is unable, or can no longer continue, to calculate the Index (or, in the case of Index Cancellation, the cancelled Index is not replaced with a Pre-nominated Index).
<b>Delay or Postponement of Payments and Settlement</b>	If the determination of a price or level used to calculate any amount payable or deliverable on any payment or settlement date is delayed or postponed pursuant to the terms and conditions of the Securities, payment or settlement will occur on the later of either (i) the scheduled payment or settlement date or (ii) the second Business Day following the date on which such price or level is determined. No additional amounts shall be payable or deliverable by the Issuer because of such postponement.  If the date on which any amount is specified as being (or is otherwise determined to be) payable in respect of any Security or Coupon is not a Business Day then payment will not be made until the next succeeding day which is a Business Day, and the holder thereof shall not be entitled to any further payment in respect of such delay.
<b>Adjustments and Early Redemption</b>	<b>Successor Index Sponsor and Successor Index:</b> In respect of an Equity Index, in the event that the Index Sponsor ceases to calculate and announce the Index but the Index is calculated and announced by a Successor Index Sponsor or the Index is replaced by a Successor Index which is the same as, or substantially similar to the Index (as determined by the Determination Agent), the level of the Index will be determined with reference to the calculations of the Successor Index Sponsor or the level of that Successor Index.  <b>Index Adjustment Events:</b> In respect of an Equity Index, if there occurs an Index Modification, Index Cancellation or Index Disruption (each an "Index Adjustment Event"), the Determination Agent may (i) calculate the level of the Index using the formula for and method of calculating the Index last in effect prior to the Index Adjustment Event, or (ii) in the case of Index Cancellation, if a Pre-nominated Index has been specified in respect of the cancelled Index, the cancelled Index shall be replaced by such Pre-nominated Index with effect from the date as determined by the Determination Agent and the Pre-nominated Index will be deemed to be the Index with effect from such date, or (iii) if the Determination Agent determines that it can no longer continue to calculate the level of the Index (or, in the case of Index Cancellation, the cancelled Index is not replaced with a Pre-nominated Index), deem such Index Adjustment Event to constitute an Additional Disruption Event and the Issuer may either (x) require the Determination Agent to make an adjustment to the terms of the Securities, or (y) redeem all of the Securities at the Early Cash Settlement Amount on the Early Cash Redemption Date.
<b>Early Cash Settlement Amount</b>	An amount per Calculation Amount ( <i>per Security</i> ) in the Settlement Currency determined as the pro rata proportion of the market value of the Securities following the event triggering the early redemption or cancellation (including the value of accrued interest (if applicable)). Such amount shall be determined as soon as reasonably practicable following the event giving rise to the early redemption or cancellation of the Securities by reference to such factors as the Determination Agent considers to be appropriate including, without limitation:  (a) market prices or values for the reference asset(s) and other relevant economic variables (such as interest rates and, if applicable, exchange rates) at the relevant time; (b) the remaining term of the Securities had they remained outstanding to scheduled maturity or expiry and/or any scheduled early redemption or exercise date; (c) the value at the relevant time of any minimum redemption or cancellation amount which would have been payable had the Securities remained outstanding to scheduled maturity or expiry and/or any scheduled early redemption or exercise date; (d) internal pricing models; and

(e) prices at which other market participants might bid for securities similar to the Securities, provided that the Determination Agent may adjust such amount to take into account deductions for any costs, charges, fees, accruals, losses, withholdings and expenses, which are or will be incurred by the Issuer or its Affiliates in connection with the unwinding of any Hedge Positions and/or related funding arrangements, when determining such market value.

"Affiliate" means in relation to any entity (the "First Entity"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity, directly or indirectly, under common control with the First Entity. For these purposes, "control" means ownership of a majority of the voting power of an entity.

"Hedge Positions" means any purchase, sale, entry into or maintenance of one or more (a) positions or contracts in securities, options, futures, derivatives or foreign exchange, (b) stock loan transactions or (c) other instruments or arrangements (howsoever described) by the Issuer or any of its Affiliates in order to hedge individually, or on a portfolio basis, the Issuer's obligations in respect of the Securities.

#### Early Cash Redemption Date

In respect of an early redemption following an Additional Disruption Event, the 10<sup>th</sup> Business Day after the giving of the redemption notice by or on behalf of the Issuer or the Determination Agent to the Securityholders.

### OTHER TERMS

#### Disruption

In the event that any Valuation Date is a Disrupted Day (as described in the Offering Circular), then the relevant valuation will be postponed for up to eight Scheduled Trading Days. After this time, the Determination Agent will calculate the level of the Index on such eighth Scheduled Trading Day using the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price on the eighth Scheduled Trading Day of each component of the Index.

#### Unlawfulness and impracticability

If the Issuer determines that the performance of any of its obligations under the Securities has become, or there is a substantial likelihood that it will become, unlawful or impracticable, in whole or in part, as a result of (i) any change in financial, political or economic conditions or currency exchange rates, or (ii) compliance in good faith by the Issuer or any relevant subsidiaries or Affiliates with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative or judicial authority or power or in interpretation thereof, the Issuer may, as its option, redeem or cancel the Securities by giving notice to Securityholders.

If the Issuer elects to redeem or cancel the Securities, then each Security shall become due and payable at its Early Cash Settlement Amount.

#### Notices

The Issuer or the Determination Agent shall give notice to the Securityholders of any adjustment or redemption as soon as practicable following the occurrence of the event triggering such adjustment or redemption. Failure by the Issuer or the Determination Agent to publish or give notice shall not affect the validity or effectiveness of any such adjustment or redemption.

## RISK FACTORS

THESE RISK FACTORS HIGHLIGHT ONLY SOME OF THE RISKS OF THE PRODUCT DESCRIBED IN THIS DOCUMENT (THE "PRODUCT") AND MUST BE READ IN CONJUNCTION WITH THE RISK FACTOR SECTIONS IN THE OFFERING CIRCULAR. INVESTORS MUST BE CAPABLE OF ASSESSING AND UNDERSTANDING THE RISKS OF INVESTING IN THE PRODUCT. WHERE A POTENTIAL INVESTOR DOES NOT UNDERSTAND OR WOULD LIKE FURTHER INFORMATION ON THE RISKS OF THE PRODUCT, THE POTENTIAL INVESTOR SHOULD SEEK PROFESSIONAL ADVICE BEFORE MAKING ANY INVESTMENT DECISION.

NO GOVERNMENT OR OTHER PROTECTION	THIS PRODUCT IS NOT PROTECTED BY THE FINANCIAL SERVICES COMPENSATION SCHEME or any other government or private protection scheme.
BARCLAYS FINANCIAL STANDING	INVESTORS ARE EXPOSED TO BARCLAYS' FINANCIAL STANDING. If Barclays becomes insolvent, Barclays may not be able to make any payments under the Product and investors may lose their capital invested in the Product. A decline in Barclays' financial standing is likely to reduce the market value of the Product and therefore the price an investor may receive for the Product if they sell it in the market.
CREDIT RATINGS	CREDIT RATINGS MAY BE LOWERED OR WITHDRAWN WITHOUT NOTICE. A rating is not a recommendation as to Barclays' financial standing or an evaluation of the risks of the Product.
VOLATILITY	THE PERFORMANCE OF THIS PRODUCT MAY CHANGE UNPREDICTABLY. This unpredictable change is known as "volatility" and may be influenced by the performance of any underlying asset as well as external factors including financial, political and economic events and other market conditions.
CAPITAL AT RISK	THE CAPITAL INVESTED IN THIS PRODUCT IS AT RISK. Investors may receive back less than the capital invested in the Product.
CAPITAL AT RISK ON EARLY REDEMPTION	THE PRODUCT MAY BE REDEEMED BEFORE ITS SCHEDULED MATURITY DATE. IF THE PRODUCT IS REDEEMED EARLY, INVESTORS MAY RECEIVE BACK LESS THAN THEIR ORIGINAL INVESTMENT IN THE PRODUCT, OR EVEN ZERO. The amount payable to an investor on an early redemption may factor in Barclays' costs of terminating hedging and funding arrangements associated with the Product.
SELLING RISK	AN INVESTOR MAY NOT BE ABLE TO FIND A BUYER FOR THE PRODUCT SHOULD THE INVESTOR WISH TO SELL THE PRODUCT. If a buyer can be found, the price offered by that buyer may be lower than the price that an investor paid for the Product or the amount an investor would otherwise receive at the maturity of the Product.
BAIL-IN RISK	The EU Directive establishing a framework for the recovery and resolution of credit institutions and investment firms (the "BRRD") was published in the EU Official Journal on 12 June 2014. The BRRD gives certain powers under a "bail-in tool" to national supervisory authorities with respect to certain institutions (which could include the Issuer) in circumstances where a national supervisory authority has determined that such an institution is likely to fail. In the United Kingdom, the majority of the requirements of the BRRD have been implemented into national law in the Banking Act, including the introduction of the bail-in tool as of 1 January 2015. The Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks and certain of their Affiliates in the event a bank in the same group is considered to be failing or likely to fail.  This bail-in tool includes the ability to cancel all or part of the principal and/or interest of any unsecured liabilities or to convert certain debt claims into equity or other securities of the issuer or another person. These powers could be exercised in respect of the Securities.  As a result, the exercise of any resolution power or any suggestion of any such exercise could materially adversely affect the value of the Securities and could lead to the investor losing some or all of the value of the investment in the Securities.
OVER-ISSUANCE	THE ISSUER MAY ISSUE MORE SECURITIES THAN THOSE WHICH ARE TO BE INITIALLY SUBSCRIBED OR PURCHASED BY INVESTORS. The Issuer (or the Issuer's affiliates) may hold such Securities for the purpose of meeting any future investor interest or to satisfy market making requirements. Prospective investors in the Securities should not regard the issue size of any Series as indicative of the depth or liquidity of the market for such Series or of the demand for such Series.
MINIMUM SCHEDULED REDEMPTION AMOUNT	If the Securities provide for a minimum scheduled redemption amount payable at maturity, it is possible that such amount may be less than the original invested amount. If investors acquire the Securities (whether on issuance or in the secondary market) for an amount that is higher than the minimum scheduled redemption amount, they risk losing the difference between the price paid for the Securities and the minimum scheduled redemption amount at maturity.
NO INVESTMENT IN OR RIGHTS TO UNDERLYING ASSETS	AN INVESTMENT IN THE PRODUCT IS NOT THE SAME AS AN INVESTMENT IN THE UNDERLYING ASSETS REFERENCED BY THE PRODUCT. An investor in the Product has no ownership of, or rights to, the underlying assets referenced by the Product. The market value of the Product may not reflect movements in the price of such underlying assets. Payments made under the Product may differ from payments made under the underlying assets.
ADJUSTMENTS	THE TERMS OF THE PRODUCT MAY BE ADJUSTED BY BARCLAYS UPON CERTAIN EVENTS TAKING PLACE WHICH IMPACT THE UNDERLYING ASSETS.
SMALL HOLDINGS	SMALL HOLDINGS MAY NOT BE TRANSFERABLE. Where the Product terms specify a minimum tradable amount, investors will not be able to sell the Product unless they hold at least such minimum tradable amount.

INTEREST RATE RISK	INVESTORS IN THE PRODUCT WILL BE EXPOSED TO INTEREST RATE RISK. Changes in interest rates will affect the performance and value of the Product. Interest rates may change suddenly and unpredictably.
PAYMENTS	PAYMENTS FROM BARCLAYS MAY BE SUBJECT TO DEDUCTIONS FOR TAX, DUTY, WITHHOLDING OR OTHER PAYMENTS REQUIRED BY LAW.
OTHER RISKS	THIS DOCUMENT CANNOT DISCLOSE ALL POSSIBLE RISKS OF THE PRODUCT. Before investing, investors must be satisfied that they have sufficient information and understand the risks related to the Product so as to make an informed investment decision. If investors are uncertain as to whether they have sufficient information, they should seek independent professional advice before investing.
FOREIGN EXCHANGE RISK	INVESTORS ARE EXPOSED TO FOREIGN EXCHANGE RISK. Foreign exchange rates may change suddenly and unpredictably. Changes in the exchange rate between an investor's home currency and the Product currency or settlement currency may impact the performance of the Product and an investor's return.
LEVERAGE	THIS PRODUCT MAY BECOME LEVERAGED. Leverage increases the investor's exposure to the underlying assets referenced by the Product and amplifies the investor's losses and gains.
INTERACTION RISK	THIS PRODUCT COMBINES DIFFERENT FINANCIAL COMPONENTS AND EXPOSURES WHICH MAY INTERACT UNPREDICTABLY AND COULD AFFECT THE PERFORMANCE OF THE PRODUCT.
PERFORMANCE OF SHARE INDICES	THE PERFORMANCE OF SHARES IN AN INDEX IS UNPREDICTABLE. It depends on financial, political, economic and other events as well as the share issuers' earnings, market position, risk situation, shareholder structure and distribution policy.
INDEX RETURN	AN INDEX RETURN MAY BE LOWER THAN THE ACTUAL RETURN ON THE COMPONENTS COMPRISING SUCH INDEX. Indices may deduct fees, costs and commissions. An investment in an index may be taxed differently to a direct investment in the components of the index.
ADJUSTMENTS, SUSPENSION AND TERMINATION OF AN INDEX	THE INDEX SPONSOR MAY ADJUST THE COMPOSITION OR CALCULATION METHODOLOGY OF AN INDEX AND MAY CANCEL, ADJUST OR SUSPEND AN INDEX. Such actions may negatively affect the value and performance of the Product.
INDEX SUBSTITUTION	AN INDEX MAY BE REPLACED WITH ANOTHER INDEX IN CERTAIN CIRCUMSTANCES. Such action may negatively affect the value and performance of the Product.
